**Low Voltage
Ceiling Box – 4 inch
UL Listed**

Mounting for:
WiFi Access Points
Smoke Detectors
Cameras

UL E511129

Longer tabs for faster installation on Truss ceilings

Product Description - Ceiling Mount Box

This device solves 3 requirements for Code Compliant installation of Low Voltage devices in ceilings

- a) All wires inside Junction boxes
- b) Mechanical support by the rafters not the sheetrock
- c) Fire rated UL94V-0 polycarbonate material

It also solves problems in other ways

- a) Built in depth guide eliminates pre-installation depth measurement
- b) Allows hole cutting, tape, float, paint to be done by the sheetrock team before installing the lights
- c) Allows super fast trim installation
- d) Positions low voltage wire above sheetrock to avoid damage
- e) Marks the source and destination of the wires

Mounting Options

AL-CBOX4-N		<p>Nailer – use #10 8d 2 ¼ inch nails</p> <p>Can also use most other hanger bars like the B620K</p>
