AL-WS-Sat Decorator style PoE Wall Switch

not what you think

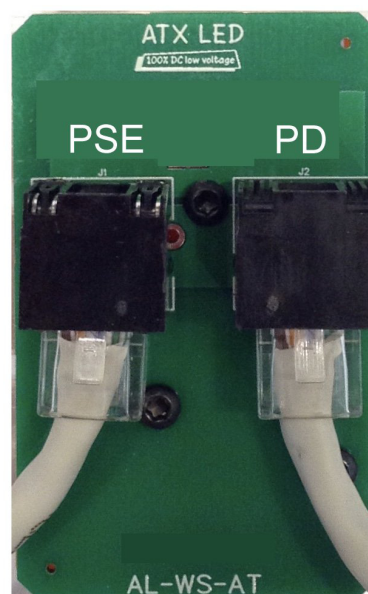

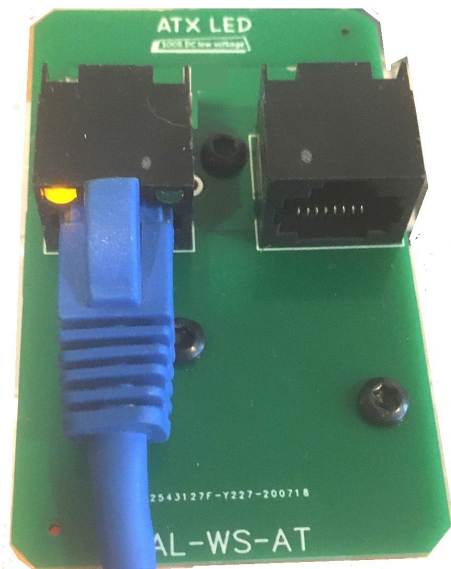

Product Description - AL-WS-Sat wall switch

This switch operates just like any standard residential light switch – however it takes a PoE connection to a PoE switch and cuts it before going to a PoE Light or Fan or other simple device. This is an 802.3af/at Mode A device, and can switch up to 50 watts

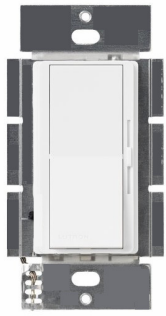

For 3-way operation – two switches can be connected back to back.

Specifications
