Carro Compatible Switches

for

Ceiling Fans with Light kits

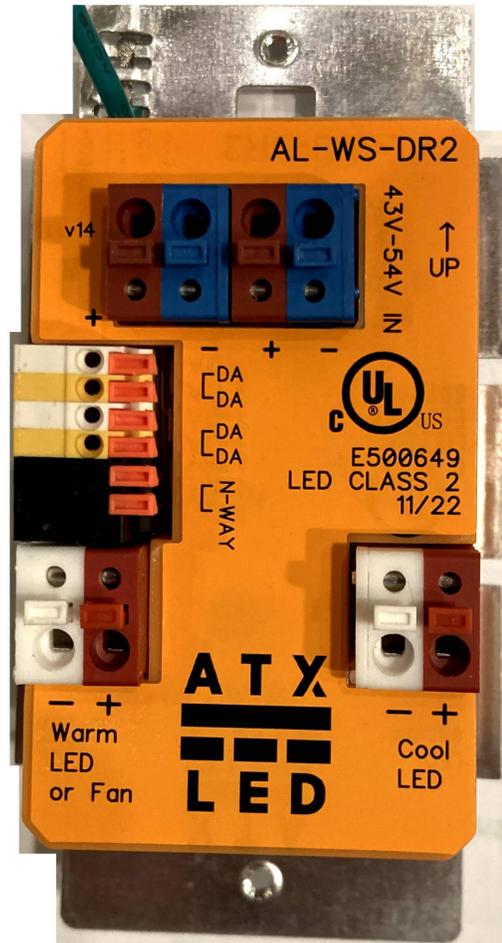

- **Motor Control Options.** Four fans can share one controller in parallel wiring.
 - The **AL-WS-Carro** is designed specifically for local control of the Speed and Direction of the Ceiling fan. 3 wires connect it to the Ceiling fan, and it is powered by the fan. Press the button to turn on/off. Press and hold to change direction. Move the slider for speed.
 - The **AL-WS-010v** is a smart DALI switch with fan control by local switch-front or via automation. 3 wires connect it to the Ceiling fan, and 2 wires connect it to the DALI bus, it is powered by the DALI bus. Turn the fan On or Off with the switch. Move the slider for speed while the fan is in motion. Turn the fan Off – and move the slider to change direction.
- **LED Light Kit dimmer.** The 12w onboard light kit can be adjusted or dimmed by these switches. Two fans can share one dimmer in series wiring.
 - The **AL-WS-DR2C** local switch offers power for 12 or 24 Watts of perfect dimming to CCT adjustable LEDs or 48 watts to fixed color. Use the **AL-WS-M** momentary switch for 3-way controls.
 - The **AL-WS-DR2W** WiFi switch offers power for 12 or 24 Watts of perfect dimming to CCT adjustable LEDs or 48 watts to fixed color. Use the **AL-WS-M** momentary switch for 3-way controls. Use Alexa/Google without any Hub.
 - The **AL-WS-DR2** smart DALI switch offers power for 12 or 24 Watts of perfect dimming to CCT adjustable LEDs or 48 watts to fixed color. Use the ATX Hub to link to Alexa, Google and other services, use the DALI bus for 3-way controls
